Via Plutarco 13 - 20145 Milano (MI) – ITALY

direct line: +39 02 36563129 - 02 36745533

mail to: info@reachup.it please visit: www.reachup.it

Our Network provides regulatory consultancy on products for non-European market in the seven countries of the GULF COOPERATION COUNCIL: UNITED ARAB EMIRATES, SAUDI ARABIA, QATAR, BAHREIN, KUWAIT, OMAN, IRAQ.

The fulfillment of local obligations is allowed only to legal entities established in the territory of the relevant market.

It is in these cases that the appointment of an Exclusive Representative is appropriate for all market exporters who want to keep information on their products confidential, without having to transfer the burden of compliance to importing customers.

Reach Up provides this service to companies interested in the Arab Gulf countries markets, through expert and qualified local entities that can support the customer throughout the process of achieving regulatory compliance, specializing in particular in products in the sectors: FOOD, FEED, PHARMA, COSMETICS.

Our Network provides regulatory consultancy in the field of product regulations and to achieve compliance with the main Regulations on the European and extra-European market.

We provide complete assistance for the development, implementation and management of the "regulatory" policy in collaboration with companies.

Our services support the processes of placing new products on the market, the production, research and data collection, the verification of compliance of existing products with local, EU and extra-EU Regulations.

Some of our extra-EU services:

- Placing products on EAEU market (*TR EAEU 041/2017 Eurasia REACH, State registrations, biocides and medical devices registrations,...*)
- Placing products on Middle Eastern markets (*UAE Emirates, Saudi Arabia with SASO/SABER requirements,...*)
- Placing products on USA market (*TSCA inventory, EPA registrations, Cleaning act, prop65,...*)
- Placing product on China market (*MEE order 12, MEP order 7, ...*)
- SDS&labelling in languages complying with local laws
- OR services
